Hicksdesign

Want to hire us? Tell us all about your project!

As we are a small, but very busy studio, we need some basic information to respond to your enquiry:

- **Timescale**. We are currently available from January 2012 onwards. Does that work for you?
- **Budget**. This determines how much time we can allocate to your project. It also enables us to advise you on how best to use it. Our day rate is £700. Website projects usually start from around £5000, and logo/icon designs from £1500.
- **Scope**. If you're happy with our availability and rates, **please send Jon an outline of your project mailto:jon@hicksdesign.co.uk**! We have no problem signing NDAs, but all client work is treated as strictly confidential anyway.
