

MADE BY HAND *About the project*

MADE BY HAND WAS CREATED out of the belief that the things we collect, consume, use, and share are part of who we are as individuals. For example, the food that we eat says something about each of us, as do the tools we use and the chairs we rest on. Objects that surround the space we dwell in tell stories, and not just about us. Where did they come from? Who made them? How were they made?

Each film aims to promote that which is made locally, sustainably, and with a love for craft. Based in Brooklyn, the project takes its influence from the handmade movement here and elsewhere. We hope you find the spirit of it inspiring.

CONTACT

We welcome suggestions for subjects, tips on handmade goods, and feedback of all kinds (though especially praise). We are also available for commissioned work. Reach us at hello@thisismadebyhand.com.

Matt Shapiro

Crew Cuts

The logo and titles are set in **Tungsten** from H&FJ. Body text is set in **Adobe Caslon** by Carol Twombly, with additional text in **Museo Sans Rounded** from exljbris; both are served with **Typekit**. The site is built with **Expression Engine** and hosted by **Media Temple**.

MADE BY HAND

Made by Hand is a short film series celebrating the people who make things by hand — sustainably, locally, and with a love for their craft. [more](#)
